Dear Dr. Long:

SUBJECT: OYSTER CREEK NUCLEAR GENERATING STATION
INTEGRATED SCHEDULE CATEGORY A, B, AND C LIST UPDATE

GPU Nuclear Corporation provided the fifth update to the integrated schedule dated December 9, 1991. The semiannual update included a listing of projects completed during the past 6 months since the June 13, 1991 submittal and discussed reasons for scope and schedule changes as required by the approved Long Range Planning Program (LRPP). The purpose of this letter is to document our review.

We have reviewed the Category A, B, and C list and find the projects listed to be in compliance with the LRPP and to be acceptable.

Sincerely,

/s/

Alexander W. Dromerick, Senior Project Manager
Project Directorate I-4
Division of Reactor Projects - I/II
Office of Nuclear Reactor Regulation
