Dear Judge Crump:

Thank you for your letter of December 5, 1983, concerning the holding or storage of nuclear waste in Somervell County.

In accordance with your request, we have transmitted your letter and its references to the Atomic Safety and Licensing Board on Comanche Peak for inclusion in the hearing record. We note that your earlier letter had already been made a part of the record on this proceeding.

A copy of our letter to the Comanche Peak licensing board is enclosed (Enclosure 1).

In addition, I am enclosing a copy of the Nuclear Waste Policy Act of 1982 (Enclosure 2), and hope that its provisions alleviate your concerns on this matter. I invite your attention to Section 111 (b) which defines the purposes of this Act. These are: to establish a schedule for the siting, construction and operation of nuclear waste repositories, to establish the Federal responsibility for such waste disposal, and to establish a Nuclear Waste Fund that will ensure that the costs of such disposal will be borne by the persons generating the waste.

Sincerely,
