Dear Mr. Creel:

Subject: NRC Region I Resident Inspection Report Nos. 50-317/91-30 and 50-318/91-30

This report transmits the findings of the safety inspection conducted by the resident inspectors at the Calvert Cliffs Nuclear Power Plant on November 24, 1991 to January, 1992. At the conclusion of the inspection, these findings were discussed with Mr. Demko of your staff.

Areas examined during this inspection, described in the enclosed NRC Region I Inspection Report, were selected in order to ensure that your facility is operated with due regard for the public health and safety. Within these areas, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observations by the inspectors.

Within the scope of this inspection, we found that the plant was operated safely. Operator performance was generally good.

No reply to this letter is required.

Your cooperation with us is appreciated.

Sincerely,

ORIGINAL SIGNED BY:
