Dear Mr. Stewart:

SUBJECT: CONTROL OF HEAVY LOADS (PHASE I)

Re: North Anna Power Station, Units No. 1 and 2

We have completed our review of Control of Heavy Loads (Phase I) for the North Anna Power Station, Units No. 1 and 2. Our review was based on your responses to our December 22, 1980 Generic Letter on "Control of Heavy Loads" and supplemental information provided by you. Based on our review and that of our consultant, the Franklin Research Center, we have concluded that the guidelines on NUREG-0612, Sections 5.1.1 and 5.3 have been satisfied and that Phase I of this issue for North Anna is acceptable.

Our Safety Evaluation and our consultant's Technical Evaluation Report are enclosed. An evaluation of Phase II will be the subject of future correspondence.

Sincerely,

Original signed by:

James R. Miller, Chief  
Operating Reactors Branch #3  
Division of Licensing
