Clarification of DSAR Reference In The
Decommissioning Plan For Shoreham
Shoreham Nuclear Power Station - Unit 1
Docket No. 50-322

Gentlemen:

In a telephone conversation on January 7, 1992, Mr. Larry Bell of your staff requested clarification from LIPA regarding a reference on page 7-1 of the Shoreham Decommissioning Plan (DP). This letter documents the clarification that was provided by our Mr. Steve Schoenwiesner.

The subject reference in the DP is to Section 17.2 of the Shoreham Defueled Safety Analysis Report (DSAR), however, the DP erroneously identifies the title of the reference DSAR Section as "Quality Assurance During The Defueled Phase." The correct title of DSAR Section 17.2 is "Quality Assurance During The Operational Phase."

Should you have any questions or require further clarification, please do not hesitate to call me or Steve Schoenwiesner of my staff at (516) 929-8300, extension 3363.

Very truly yours,

Stanley B. Klimberg
