Good morning, Ken. The NRC is okay with a 30-day extension for SCDHEC to submit comments on our draft Environmental Assessment.

Have a nice weekend, I hope everyone in SC stays safe and healthy.
Jessie

Subject: [External_Sender] SC Department of Health and Environmental Control request

Jessie,

SCDHEC respectfully is requesting an extra 30 days to provide NRC comments on the draft EA for Docket Number 70-1151 (Columbia Fuel Fabrication Facility). We are still reviewing the large amount of new environmental (groundwater, surface water, sediment and hydrogeology) data included in the Feb 28, 2020 Phase 1 Remedial Investigation Report. The COVID-19 disruption also is a factor in making this request.

Thank you for your consideration of our request.

Ken
