Subject: STRIKE OF SUPPORT PERSONNEL - FERMI 2

On June 3, 1984, Local 223 of the Utility Workers' Union of America voted to strike Detroit Edison Co. (DECo). The current contract expired at 11:59 p.m. on June 4, 1984.

The plant is currently in the preoperational test phase with construction virtually complete. The licensee is currently planning to continue limited preoperational testing.

The membership consists of 3600 DECo employees of which 139 are assigned to the Fermi 2 plant. These employees are assigned to the following areas: 51 - operations (non-licensed reactor operators), 47 - maintenance, 19 - I&C, 11 - warehousing, and 11 - food service. The licensee's maintenance contractors (Bechtel and Monroe Plumbing and Heating) are honoring the strike line. The only major maintenance activity being performed is completion of alignment on the No. 14 Emergency Diesel Generator by DECo Maintenance Foremen.

No violence or disruptions have occurred.

The State of Michigan is being notified.

Some press interest is expected. RIII will respond to inquiries.
