SUBJECT: RETRACTION OF TU ELECTRIC LETTER TXX-95164

This letter acknowledges receipt of your August 10, 1995, letter which retracted TU Electric letter TXX-95164, dated June 27, 1995. The earlier letter informed us of your intention to eliminate the onshift capability to perform dose projections based on real time meteorological and release data. In the August 10, 1995, letter, you indicated that applicable procedures, practices, and/or training would be changed such that dose projections would be performed "as soon as possible based on the priority of required actions by the personnel available." We will review the implementation of these changes during a future inspection.

Sincerely,

for Ross A. Scarano, Director  
Division of Radiation Safety  
and Safeguards
