Docket Nos. STN 50-498, STN 50-499
Completion of Emergency Preparedness Program Audit

Reference: Correspondence dated November 12, 1991,
Suzanne C. Black (NRC) to Donald P. Hall (HL&P)

The NRC correspondence referenced above requested that Houston Lighting & Power Company (HL&P), upon completion of the December 1991 audit of the South Texas Project (STP) Emergency Preparedness Audit, submit a copy of the audit report to the NRC. HL&P has completed the subject audit and the audit report has been issued. HL&P prefers that the audit report be available at the STP site for NRC review rather than submitted on the STP docket. This determination was made for the following reasons:

- 1) There is no regulatory requirement that the report be submitted to the NRC.
- 2) Responsible HL&P personnel are available at the site to explain the contents of the report.

If there are any questions, please contact either Mr. P. L. Walker at (512) 972-8392 or me at (512) 972-7205.
