Dear Mr. Opeka:

SUBJECT: MILLSTONE NUCLEAR POWER STATION, UNIT 2 -
REQUEST FOR RELIEF FROM ASME CODE SECTION XI REQUIREMENTS
(TAC NO. M81945)

This is to acknowledge your letter of December 20, 1991, in which you requested that the requests for relief from ASME Code Section XI Requirements identified in your letters dated October 23, 1991, November 4, 1991, and November 18, 1991, be withdrawn. The piping that was under temporary non-code repair and thus needing relief from ASME Code requirements was removed and replaced during the outage that began on November 6, 1991. Since relief from the ASME Code Section XI requirements is no longer needed, we grant your request to withdraw the specific requests for relief from the ASME Code Section XI requirements. We consider actions related to these issues complete.

Sincerely,

/s/

Guy S. Vissing, Senior Project Manager
Project Directorate I-4
Division of Reactor Projects I/II
Office of Nuclear Reactor Regulation
