Dear Mr. Kohn:

This letter is to inform you of the status of the September 11, 1990, "Request for Proceedings and Imposition of Civil Penalties for Improperly Transferring Control of Georgia Power Company's Licenses to the SONOPCO Project and for the Unsafe and Improper Operation of Georgia Power Company Licensed Facilities" (Petition) that you filed with the U.S. Nuclear Regulatory Commission (NRC) on behalf of Messrs. Marvin Hobby and Allen Mosbaugh (Petitioners), pursuant to Section 2.206 of Title 10 of the Code of Federal Regulations (10 CFR 2.206). The NRC received exhibits to support the Petition on September 21, 1990, and a supplement to the Petition on October 1, 1990. By letter dated October 23, 1990, I acknowledged receipt of the Petition and concluded that no immediate action was necessary regarding these issues.

On August 26, 1991, I acknowledged receiving the July 8, 1991, amendments you submitted and informed you that I had determined that no immediate action was appropriate.

On December 19, 1991, we received a letter from the Licensee dated December 10, 1991, which provided additional information associated with several allegations made by the Petitioners. The Licensee has forwarded a copy of their December 10, 1991, letter to you.

Because of the large number of complex issues raised by the Petitioners, the extensive additional information provided us since the original Petition, and the most recent supplemental information provided by the Licensee, we will require additional staff effort to evaluate all pertinent information before issuing a Director's Decision.

As provided by 10 CFR 2.206, the NRC staff will take action regarding the specific issues raised within a reasonable time.

Sincerely,
Original signed by
