MEMORANDUM TO: E. T. Pawlik, Director, Office of Investigations
Field Office Region III

FROM: James G. Keppler, Regional Administrator

SUBJECT: STATEMENTS BY FORMER ZACK EMPLOYEES OF POTENTIAL OI INTEREST

The Region III Division of Engineering has begun a special inspection of The Zack Company's present and past construction activities at Midland and Clinton. Included in this effort is a review of concerns brought to our attention by former Zack employees. Our inspection of these individuals' concerns has involved the taking of depositions from them. During our review of the depositions, we identified several areas of potential interest to your organization. Accordingly, we are enclosing a transcript of the two subject depositions for your review.

We are willing to meet with you at your convenience to discuss the specific sections of the depositions which are of potential interest to you. Please contact Lee Spessard with any questions you may have and to arrange a meeting.
