SECTION 3
FITNESS FOR DUTY PROGRAM
PERFORMANCE DATA

- 1) The Fermi 2 annualized testing rate in the Random Test Program for this reporting period was 76% (average pool size was 1424, total tested was 542).
- 2) Detroit Edison does not have an on-site testing facility but transports specimens to a laboratory certified by the Department of Health and Human Services.

REPORTS MADE UNDER 10CFR26.73

There were no reports submitted during this time period.

TESTING RESULTS

There were eleven (11) individuals who tested positive for the period ending June 30, 1995. The positive tests were categorized as follows:

Pre-Access Testing

A total of five (5) contract employees tested positive. One (1) of the individuals tested positive for alcohol, one (1) of the individuals tested positive for cocaine, one (1) of the individuals refused to test, and two (2) of the individuals tested positive for marijuana. All five (5) of the individuals were denied access.

For-Cause Testing

A total of five (5) contract employees tested positive. One (1) contract employee tested positive for alcohol. The for-cause test was performed when the odor of alcohol was detected by a member of the Fitness For Duty Staff. The individual was in the process of requesting unescorted access (reinstatement) when detected. The contractor was denied access. One (1) contract employee refused to submit to a for-cause test. The for-cause test was ordered due to a pre-access screening test believed to have been altered or substituted by the individual. The contractor was denied access. One (1) contract employee tested positive for cocaine. The for-cause test was performed due to a pre-access screening test believed to have been altered or substituted by the individual. The contractor was denied access. Two (2) contract employees tested positive for marijuana. Both for-cause tests were performed due to pre-access screening tests believed to have been altered or substituted by the individuals. Both contractors were denied access.

Random Testing

There was one (1) licensee employe who tested positive for alcohol. The individual was a warehouse person who tested positive at the beginning of their scheduled work shift. The individual was referred to EAP. Sanctions were imposed and access was restored.

Follow-Up Testing

There were no positive tests in this category during this time period.

SUMMARY OF MANAGEMENT ACTIONS

There were three (3) appeals received during this time period. The appeals were reviewed by the appropriate levels of management and upheld as originally ruled.

There were no Deviation Event Reports (DER) written identifying deficiencies in the Fitness For Duty Program during this time period.
