LICENSEE MOTION FOR EXTENSION OF TIME
TO FILE PETITION FOR REVIEW

The Appeal Board's decision on management issues in this proceeding, ALAB-772, was served on May 25, 1984. Under the Commission's regulations (10 CFR §§ 2.710, 2.786), petitions for review of ALAB-772 are due to be filed by June 14, 1984. Licensee intends to file with the Commission a petition for review. For the reasons stated below, Licensee requests a two-week extension until June 28, 1984 to file a petition for review of ALAB-772.

By Order dated June 1, 1984, the Commission seeks from the parties by June 15, 1984, comments on whether, in view of ALAB-772 and all other relevant information, including investigation reports by the Office of Investigations, the management

concerns which led to making the 1979 shutdown orders immediately effective have been sufficiently resolved so that the Commission should lift the immediate effectiveness of those orders prior to completion of review of any appeals from ALAB-772. Licensee is responding to the Commission's June 1 Order. We believe that immediate effectiveness considerations should take priority over merits review considerations and have so ordered our priorities. Because the same Licensee resources are interested in both issues and cannot be applied to both at once, Licensee requests a brief but reasonable extension of time to file with the Commission a petition for review of ALAB-772.^{1/}

Accordingly, Licensee moves for an extension of time until June 28, 1984, to file a petition for review of ALAB-772.

Respectfully submitted,

SHAW, PITTMAN, POTTS & TROWBRIDGE

Ernest L. Blake, Jr., P.C.,
Counsel for Licensee

^{1/} Licensee is filing this same date with the Appeal Board a request for stay of the remand ordered in ALAB-772, pending the outcome of appeals.
