

August 30, 1995

Dr. Walter Chappas
Nuclear Reactor Director
Department of Materials and
Nuclear Engineering
University of Maryland
College Park, MD 20742

Dear Dr. Chappas:

I would like to take this opportunity to thank you for the recent tour that you gave some members of my staff on August 24, 1995. The staff members that toured the facility ranged from secretaries to senior reactor engineers. All members of my staff found the tour to be insightful and interesting. The fact that such a broad scope of people found the tour useful is a direct reflection of the good job that you and members of your staff did in giving the tour.

I know that you were getting ready for the Fall semester, and I appreciate the time that you took out of your schedule to give the tour. If we can return the favor and give you a tour of the Emergency Operations Center please let me know. I can be reached at (301) 415-7482.

Sincerely,

Original signed by Richard J. Barrett

Richard J. Barrett, Chief
Emergency Response Branch
Incident Response Division
Office for Analysis and Evaluation
of Operational Data
