Docket Nos. 50-313 and 50-368  
License Nos. DPR-51 and NPF-6  
Semiannual Radioactive Effluent Release Report  
for the First and Second Quarters of 1995

Gentlemen:

Arkansas Nuclear One, Units 1 and 2 (ANO-1 & 2) Technical Specifications 6.12.2.6 and 6.9.3, respectively, require the submittal of a Semiannual Radioactive Effluent Release Report. The purpose of this letter is to complete this reporting requirement for the first and second quarters of 1995 at ANO. Liquid and gaseous release data show that the dose from both ANO-1 and ANO-2 is generally a factor of 100 below the technical specification limits. This data reveals that the radioactive effluents have an overall minimal dose contribution to the surrounding environment.

Should you have any questions regarding this submittal, please contact me.

Very truly yours,

Dwight C. Mims  
Director, Licensing
