Dear Mr. DeYoung:

This is to acknowledge your letter of May 29, 1984,  
Subject: HVAC Equipment Manufactured by the Bahnson Com-  
pany. Your letter and its attachments have been forwarded  
by me to Mr. William B. Ellis, who succeeded me as Chair-  
man and Chief Executive Officer on the occasion of my  
retirement from Northeast Utilities (NU) effective May  
1, 1983. I have also forwarded a copy of your letter  
to Mr. William G. Council-Senior Vice President, Nuclear  
Engineering & Operations. Please correct your records  
to reflect my retirement from NU.

I am confident that Mr. Ellis and Mr. Council will  
be informed by your letter and will communicate directly  
with you regarding NU's "aggressive implementation of  
a demanding program" to assure quality in the construction  
of its Millstone 3 nuclear unit.

Yours sincerely,
