SUBJECT: NRC INSPECTION REPORT NO. 50-160/95-01

Gentlemen:

Thank you for your responses to our Notice of Violation issued on June 21, 1995, concerning activities conducted at your Georgia Institute of Technology Research Reactor. In your initial response, dated July 18, 1995, you requested an extension to the standard 30-day response period for this inspection to enable you to prepare an adequate response. After reviewing your request and considering the need for careful evaluation and analysis that would be required to prepare a response, your request for an extension was granted. In your subsequent response, dated August 3, 1995, you provided the information required and addressed your corrective actions for the violations cited.

We have examined your response dated August 3, 1995, and found that it meets the requirements of 10 CFR 2.201. We will examine the implementation of your corrective actions during future inspections.

We appreciate your cooperation in this matter.

Sincerely,

(original signed by
