Subject: Seabrook Station Emergency Response Manual Changes

Gentlemen:

Enclosed please find changes to the Seabrook Station Emergency Response Manual (SSER). The changes were reviewed per the criteria of 10 CFR 50.54(q) and it was determined that they do not decrease the effectiveness of the Seabrook Station Radiological Emergency Plan (SSREP). The SSREP continues to meet the standards of 10 CFR 50.47(b) and 10 CFR 50, Appendix E. These changes are submitted per the requirements of 10 CFR 50, Appendix E, and 10 CFR 50.4. The Resident Inspector copy is provided directly through the North Atlantic records management system.

Should you have any questions regarding the enclosed SSER changes, please call Mr. James M. Peschel, Regulatory Compliance Manager, at (603) 474-9521, extension 3772.

Very truly yours,

Ted C. Feigenbaum
