ATTENTION: Dr. R. A. Kroes
Vice Chancellor, Administrative Services

SUBJECT: EXPIRATION OF ALL SENIOR OPERATOR LICENSES - UC SANTA BARBARA
L-77 REACTOR

Gentlemen:

On June 12, 1984 we became aware that Dr. A. E. Profio, Docket Number 55-208, did not apply for renewal of his senior operator license prior to its expiration on July 31, 1982. Dr. Profio was the sole operator at the University of California Santa Barbara L-77 reactor. Our records indicate that there are presently no licensed operators at your facility.

Based on our telephone conversation on June 13, 1984, I understand that the reactor will be maintained shutdown until an operator is again licensed for the facility.

If the understanding stated above is not correct, you should contact this office promptly.

Sincerely,

B. H. Faulkenberry
Deputy Regional Administrator
