Confirmation of Extension for Response to Your
Letter and Demand for Information

Dear Mr. Sniezek:

The purpose of this letter is to confirm our telephone conversation of October 18, 1993, in which an extension was granted until November 15, 1993, for Houston Lighting & Power Company (HL&P) to respond to your letter and Demand for Information dated September 29, 1993. As discussed, this extension will allow us to examine any additional evidence that becomes available during the first week in November as the Department of Labor administrative hearing associated with this subject concludes, and to address that evidence in our response, if necessary. Additionally, for the same reasons, the response by Mr. Richard Balcom to the letter and Demand for Information issued to him will also be provided on November 15, 1993.

If you have any questions on this matter, please call me or Mr. Joe Sheppard (512-972-8757).

Sincerely,

W T Cottle
