Docket No. 50-298

Mr. J. M. Pilant, Director  
Licensing & Quality Assurance  
Nebraska Public Power District  
Post Office Box 499  
Columbus, Nebraska 68601

Dear Mr. Pilant:

SUBJECT: TERMINATION OF FURTHER EFFORT ON INSERVICE  
TESTING PROGRAM (IST) AND RELIEF REQUESTS

This is to notify you that we have terminated further review work on the IST program and relief requests, which you submitted by letters dated July 1977, March 29, 1982, October 19, 1982 and October 28, 1982. Termination is due to the fact that the first ten year interval, during which the IST program and relief requests were applicable, will expire on July 1, 1984. Your April 3, 1984 submittal contains a revised IST program plan; however, it is too general to be reviewed. Per our discussions you have agreed to submit your IST program including relief requests in June 1984. Since this next interval will commence on July 1, 1984 our review efforts will be redirected to your new program and relief requests.

If you have any questions concerning this issue, please contact Ernie Sylvester, the Cooper Nuclear Station project manager.

Sincerely,
