Dear Dr. Mesler:

The Nuclear Regulatory Commission has issued Amendment No. 14 to Facility Operating License R-78 for the University of Kansas nuclear facility in response to the application for renewal dated March 4, 1980, as supplemented. This amendment renews the operating license until April 7, 1990.

In accordance with our practice, we have restated the license in its entirety, incorporating all the changes and amendments made since the issuance of the original license.

Enclosed with the amended license are copies of the Notice of Renewal/Negative Declaration that is being sent to the Federal Register for publication, the Safety Evaluation Report (NUREG-1051) and the Environmental Impact Appraisal associated with the renewal.

Sincerely,  
Original signed by  
Darrell G. Eisenhut
