me. And then the rest of the engineers report to the DOCKETED Supervisor.

At the time of the site area emergency of March 3 20th, 1990, within three days after that event the NRC sent what is known as a confirmation of action letter to Georgia CRETARY 5 DOCKETING & Power putting a temporary hold on the return to criticality of Unit One at Vogtle. Within two and a half, three weeks 7 of that point, March 23rd, there was a presentation at the 8 NRC offices here in Atlanta which, among other things, was 9 in support of a request to restart Plant Vogtle Unit One. 10 Do you recall the circumstances surrounding the 11 preparation for those meetings and the preparation for the 12 April 9th letter that confirmed that meeting, John? 13 That's kind of a broad question. But let me tell 14 you what I do recall with respect to the confirmation of 15 16 action letter and the preceding events. With res -- well, in fact, let me back up just a little bit. With respect to 17 the preparation of the presentation at the NRC, the only 18 real involvement that I had in that was really superficial 19 (4/6/90) 164 20 as I was -- I got a call Friday\*night. Most of the preparation was done over the weekend, it's my recollection. 21 And I got a call Friday night, probably 5:30, 6:00 from 22 George Bockhold asking me to have Gus Williams come out and 23 do the diesel counts for him and tell him what our current 24

| 2   | to do that, but Gus generally doesn't do that even and I   |
| 3   | think George called me because my group puts together the  |
| 4   | monthly report that says this is how many starts we had on |
| 5   | the diesel and stuff like that. I said, "Gus doesn't do    |
| 6   | that count. He gets it from engineering from Mike Horton's |
| 7   | people." And he said, "Well, I'll call Mike Horton then    |

| 9   | Q Okay.  |

| 25  | A No; I don't. At least I don't recall.                    |

| 7  | did you yourself provide any verbal or written input to Mr. |
| 8  | Bockhold for the April 9th oral presentation?               |
| 9  | A Not directly. And I've really never reviewed in           |
| 10 | detail everything that George presented at the NRC          |
| 11 | presentation. I do know that I faxed up some information to |
| 12 | Jim Bailey concerning what was in the in the event review   |
