Gentlemen:

This refers to the investigation conducted by Messrs. Griffin and Driskill of the NRC Office of Investigations, Region IV Field Office during the period December 1, 1982 - February 18, 1983, of activities authorized by NRC Construction Permit CPPR 147 for the Wolf Creek Generating Station.

This investigation was conducted in response to an allegation that quality control inspectors at the Wolf Creek site were not given adequate freedom to report nonconforming conditions. The investigation consisted of selective examination of procedures and representative records, interviews with personnel, and observations by the investigators.

Within the scope of this investigation, no violations or deviations were identified.

In accordance with 10 CFR 2.790(a), a copy of this letter and the enclosure will be placed in the NRC Public Document Room unless you notify this office, by telephone, within 10 days of the date of this letter, and submit written application to withhold information contained herein within 30 days of the date of this letter. Such application must be consistent with the requirements of 2.790(b)(1).
