In the Matter of
LONG ISLAND LIGHTING COMPANY
(Shoreham Nuclear Power Station, Unit 1)
Docket No. 50-322-OL-4 (Low Power)

Dear Mr. Lanpher:

Your letter of June 14, 1984 requested the NRC staff (1) to identify the witnesses it intends to present at the low power hearing scheduled to begin in late July; (2) to supply copies of the resumes of each person identified as a witness; and (3) to provide a summary of the testimony or opinions that we expect these witnesses to present.

At the present time the Staff contemplates presenting the same witnesses utilized at the earlier low power hearings. Thus, you have the resumes of the witnesses and a summary of the testimony or opinions that these witnesses expect to present.

In line with Staff's obligation to amend discovery responses, you will be promptly provided with the information you requested at such time as a determination is made to use additional witnesses or to provide additional testimony by presently identified witnesses.

Sincerely,

Edwin J. Reis
Assistant Chief Hearing Counsel
