Gentlemen:

This refers to the inspections conducted on June 25 through August 5, 1995, at the Crystal River 3 facility. The purpose of the inspections was to determine whether activities authorized by the license were conducted safely and in accordance with NRC requirements. At the conclusion of the inspections, the findings were discussed with those members of your staff identified in the enclosed report.

Your response may reference or include previous docketed correspondence, if the correspondence adequately addresses the required response. After reviewing your response to this Notice, including your proposed corrective actions and the results of future inspections, the NRC will determine whether further NRC enforcement action is necessary to ensure compliance with NRC regulatory requirements.
