

June 18, 1984

Docket No. STN 50-601

Mr. E. P. Rahe, Manager  
Nuclear Safety Department  
Water Reactor Division  
Westinghouse Electric Corporation  
Box 355  
Pittsburgh, Pennsylvania 15230

Dear Mr. Rahe:

Subject: RESAR-SP/90 Preliminary Design Approval Application

As requested in your May 7, 1984 letter to H. R. Denton, the Commission has accepted for formal docketing the application for preliminary design approval (PDA) for the Westinghouse advanced pressurized water reactor, RESAR-SP/90. Docket number STN 50-601 has been assigned to the RESAR-SP/90 application. All future correspondence should reference this assigned docket number.

Over the next several weeks, we will be discussing schedules for the submittal and review of the RESAR-SP/90 modules.

Enclosed for your information is a copy of the Notice of Receipt of Application for Preliminary Design Approval which we have sent to the Federal Register for publication.

Sincerely,

Original Signed By:

Darrell G. Eisenhut, Director  
Division of Licensing

Enclosure:  
As stated
