FROM: 
Richard W. Krimm
Assistant Associate Director
Office of Natural and Technological
Hazards Programs

SUBJECT: Exercise Report for the Oconee Nuclear Power Plant

Attached is the exercise report for the joint offsite radiological emergency preparedness exercise conducted on April 6, 1983, for the Oconee Nuclear Power Plant with partial participation by the State of South Carolina and full participation by the Counties of Oconee and Pickens. The deficiencies noted during the exercise were of a nature that a schedule of corrective action was not necessary. This report cites that the Counties of Oconee and Pickens demonstrated the capability to protect the public in the event of a radiological emergency at the Oconee Nuclear Power Plant.

If you have any questions, please contact Mr. Robert S. Wilkerson, Chief, Technological Hazards Division, at 287-0200.
