Docket No. 50-483

1901 Que Street
Washington, DC 20009

Dear Ms. Garde,

On May 11, 1984 you informed Mr. W. L. Forney of Region III that GAP had approximately 25 allegations from five allegers who had concerns about the Callaway Nuclear Plant.

On May 14, 1984 while Mr. Forney was in Washington on other business, he contacted you and volunteered to come to your office or have someone meet your representative at or near the Callaway site to pick up copies of the allegations. You indicated you would have information for us on May 18.

On May 18, 1984, Mr. R. F. Warnick contacted you by phone and again offered to pick up the information wherever it was available. He also asked if GAP would give the names of the allegers to the NRC so the NRC could either phone or visit the allegers to identify the safety concerns. You indicated you would discuss that possibility and let him know.

On May 22, 1984, you informed Mr. Warnick that you had received permission to bypass the affidavit stage and let the NRC talk to the allegers. You also indicated that GAP would make sure the allegers were willing to talk to the NRC and that you or your field representative would contact Mr. Warnick.

On May 25, 1984, Mr. Warnick attempted to contact you without success.
