Mr. Joseph Buzy  
Licensing Qualification Branch  
United States Nuclear Regulatory Commission  
Washington, DC 20555

Dear Mr. Buzy:

General Physics Corporation has completed Cold License Certification training for Public Service Electric and Gas Company, Hope Creek Generating Station. As mentioned in previous correspondence, each program consisted of three phases of training:

1. Introduction to Cold License Training, 120 hours
2. Cold License Systems Training, 160 hours
3. Cold License Simulator Training, 320 hours

Certificates for successful completion of these programs were awarded to the following personnel:
