Dear Sir:

Subject: Three Mile Island Nuclear Station, Unit 1 (TMI-1)
Operating License No. DPR 50
Docket No. 50-289
Technical Specification Change Request No. 227, Supplement 2

Technical Specification Change Request (TSCR) No. 227, submitted on January 16, 1995, incorporates improvements from the Standard Technical Specifications (STS) for B&W Plants (NUREG-1430). In a letter dated June 22, 1995 GPU Nuclear responded to a May 16, 1995 request for additional information (RAI) in TSCR No. 227, Supplement 1.

The purpose of this letter is to submit a second revision to TSCR No. 227 as requested by the NRC staff in a conference call on August 28, 1995. Attached are the revised pages 4-31, 4-32, and 4-33 which incorporate a change in Technical Specification (TS) Section 4.4.1.5 where the NRC staff requested that, rather than deleting this specification altogether, a reference to the containment inspection requirements of Appendix J be included.

Also, the changes to the Bases for TS 3.1, "Reactor Coolant System," proposed by the original TSCR No. 227 are being withdrawn at this time.

A double margin bar has been used to show the change on page 4-31. Please replace the affected pages 4-31, 4-32, and 4-33 with the attached replacement pages and remove the proposed pages 3-2 and 3-2a from the TSCR No. 227 package. The double margin bar is provided to facilitate review and should be removed prior to issuance of the amendment. Also enclosed is a Certificate of Service for this request, certifying service to the chief

executives of the township and county in which the facilities are located, as well as the designated official of the Commonwealth of Pennsylvania, Bureau of Radiation Protection.

Pursuant to 10 CFR 50.91(a)(1), the proposed change to the TMI-1 Technical Specifications has been distributed as specified by 10 CRF 50.4. The significant hazards consideration determination as originally submitted with TSCR No. 227 is unaffected by this revision. The signed copy of the Certificate of Service to the chief executives of Londonderry Township and Dauphin County and the designated representative of the Commonwealth of Pennsylvania is also enclosed.

Sincerely,

J. Knubel
Vice President and Director, TMI
