ORDER
(Reopening Record To Admit Three Exhibits)

In a letter of June 5, 1984, the Board requested that the NRC Staff provide by June 14, 1984, in affidavit form, a full and detailed explanation of why it is acceptable to permit Wolf Creek to operate in light of the fact that unresolved generic safety issue A-46 was still being studied. Although this was an uncontested matter, the Board invited the other parties to submit comments by June 21, 1984.

The Staff responded in a letter of June 14, 1984, to which was attached two affidavits of Staff members. Applicants submitted comments in a letter dated June 21, 1984.

The record is reopened solely to admit (a) as Board Exhibit 1, the Board's letter of June 5, 1984, (b) as Staff Exhibit 3, the Staff's letter of June 14, 1984, and the two attached affidavits, and (c) as
