Dear Mr. Schwencer:

Attached is a copy of the Limerick Control Room Design Review Final Report. The final validation step in the Limerick Control Room Design Review Program Plan has not been completed. As discussed in the attachment and the Program Plan that was transmitted by the reference (1) letter, an addendum report will be submitted upon completion of the final validation step. The addendum report will describe the methodology used and will summarize the results in a manner similar to that described in the attachment.

The transmittal of the attached report satisfies the requirement stated in paragraph 5.2.b of reference (2) and permits making a decision as to whether a pre-implementation onsite audit will be conducted.

Sincerely,

John S. Kemper
