DO NOT REMOVE

Lockheed Aircraft Corporation
Marietta, Georgia

Gentlemen:

Transmitted herewith is Amendment No. 4 to License No. 1-4-63 which authorized the General Certificate of Airworthiness issued by the U. S. Department of Commerce, and the Federal Aviation Agency to the Lockheed Model 1042 Super Hercules airplane, serial number 1042-1042, and the level of maintenance required for the airplane.

This amendment is a direct result of the findings of the FAA regarding the airplane's compliance with the applicable airworthiness standards.

I have enclosed two signed copies of the amendment, one for your records and one for the FAA. The FAA copy is being furnished to the FAA for their records.
