General Comment

On behalf of the Executive Board of the Organization of Agreement States (OAS), we request an extension of the comment period from April 20, 2020 to July 20, 2020. We make this extended comment period request because 1) we were notified of this proposed rule later than usual and 2) the ongoing COVID-19 emergency. Some of the radiation programs are within Health Departments and they are being asked to assist with response. It is unclear how long this crisis will last, but this additional time will allow our office routines to adjust to remote work so that we can concentrate on providing better comments.
