SUBJECT: REVIEW OF REVISION 41 TO BRUNSWICK NUCLEAR PLANT RADIOLOGICAL
EMERGENCY RESPONSE PLAN

Dear Mr. Campbell:

We have completed our review of Revision 41 to your Brunswick Nuclear Plant Radiological Emergency Response Plan. Our review concluded that the changes did not decrease the effectiveness of your Emergency Plan and met the planning standards of 10 CFR 50.47(b) and the requirements of Appendix E to 10 CFR Part 50.

Please be reminded that 10 CFR 50.54(q) requires that proposed changes which decrease the effectiveness of your Emergency Plan may not be implemented without application to and approval by the Commission. However, changes may be made without Commission approval if such changes do not decrease the effectiveness of the Plan, and the Plan, as changed, continues to meet the standards of 10 CFR 50.47(b) and the requirements of Appendix E to 10 CFR Part 50. If a change is made without approval, you should furnish copies in accordance with 10 CFR 50.54(q). Also, any changes to the Emergency Plan Implementing Procedures should be made in accordance with the requirements of Appendix E to 10 CFR Part 50.

Should you have any questions regarding this letter, please contact Mr. Glen Salyers of our staff on 404-331-5604.

Sincerely,

KS

Kenneth P. Barr, Acting Chief
Radiological Protection and
Emergency Preparedness Branch
Division of Radiation Safety
and Safeguards
