Notice is hereby given that the United States Nuclear Regulatory Commission (Commission) is considering approval under Title 10 of the Code of Federal Regulations (CFR), Section 50.80 of the transfer of 19.91 percent of the ownership of the Perry Nuclear Power Plant (PNPP) from the Toledo Edison Company (TE) to a company resulting from the merger of TE and The Cleveland Electric Illuminating Company (CEI). Toledo Edison will transfer all of its interest in the ownership of PNPP as described in License No. NPF-58 to such company. The Centerior Service Company (CSC) and CEI are authorized to act as agents for Duquesne Light Company, Ohio Edison Company, Pennsylvania Power Company and the Toledo Edison Company and have exclusive responsibility and control over the physical construction, operation and maintenance of the PNPP. Toledo Edison Company, CSC, and CEI are wholly-owned subsidiaries of the Centerior Energy Corporation. By letter dated June 2, 1994, as supplemented by letters of July 29, 1994, November 10, 1994, April 24, 1995, and September 20, 1995, CEI informed the Commission that the shares of TE, owned by Centerior Energy Corporation, will be converted into new shares of CEI and then all CEI shares will be converted into shares of the merged company.

Pursuant to 10 CFR 50.80 the Commission may approve the transfer of a license, after notice to interested persons, upon the Commission's determination that the holder of the license following the transfer of control

is qualified to hold the license and the transfer of the control is otherwise consistent with applicable provisions of law, regulations and orders of the Commission. CEI has requested consent under 10 CFR 50.80 to transfer of the license effectuated by the change in control of such ownership interest in the PNPP.
