Dear Mr. Denton:

VIRGINIA ELECTRIC AND POWER COMPANY
NORTH ANNA POWER STATION UNIT NOS. 1 AND 2
REVISION TWO TO THE UPDATED FINAL SAFETY ANALYSIS REPORT

Pursuant to 10 CFR 50.71(e), the Virginia Electric and Power Company submits Revision 2 to the Updated Final Safety Analysis Report (UFSAR) for the North Anna Power Station Unit Nos. 1 and 2. One signed original and twelve additional copies of the Revision to the UFSAR are enclosed.

The Revision 2 pages contain the necessary changes to bring the UFSAR up to date as of January 1, 1984 which is within six months prior to the date of this letter.

The enclosed Revision 2 pages replace existing pages in the UFSAR and the revised material is identified by the change bar in the margin with the number "2" next to it. The enclosure also contains instructions for inserting the new pages and a revised list of effective pages.

As a duly authorized officer of Vepco, I hereby certify that the information given in the enclosed Revision 2 of the UFSAR accurately presents changes made since the previous submittal. Revision 2 reflects previous information and analyses submitted to the Commission or prepared pursuant to Commission requirements.

Very truly yours,
