Vice President  
Post Office Box 767

Gentlemen:

Thank you for your letter dated June 26, 1984, informing us of the steps you are taking in response to the Notice of Violation that was enclosed with Inspection Report Nos. 50-373/84-12 and 50-374/84-16 and our letter dated May 29, 1984. As certain of your corrective actions appear to be generic to all your nuclear generating facilities, we would expect you to examine these measures with regards to their implementation at your other facilities. We will examine this matter during a future inspection.

Sincerely,

C. J. Paperiello, Chief  
Emergency Preparedness and  
Radiological Protection Branch
