Vice President
Electric and Steam Production
49 East Avenue

Gentlemen:

Subject: Inspection No. 50-244/84-02

This refers to your letter dated May 24, 1984, in response to our letter dated April 27, 1984.

Thank you for informing us of the corrective and preventive actions documented in your letter. These actions will be examined during a future inspection of your licensed program, but we noted in your responses to Items A, B, and D.1., you did not state when compliances will be achieved. Please inform us when you expect compliance will be achieved.

With respect to Item D.2, your representative informed the inspector that the acid rinse waste was specialty waste, therefore, we expected that the appropriate procedure would be followed. In your response you indicated that the acid rinse waste was incorrectly classified as specialty waste. We withdraw this violation based on the information you provided in your response and will modify our records to indicate that the violation has been withdrawn.

Your cooperation with us is appreciated.

Sincerely,
