Subject: POTENTIAL UNION STRIKE AT SHOREHAM

A strike vote by Long Island Lighting Co. (LILCO) employees belonging to the International Brotherhood of Electrical Workers (IBEW) is expected to take place in the next several days. This strike vote, over unresolved compensation proposals, affects a diverse group of LILCO union employees (fossil and nuclear) which includes positions such as reactor operator, equipment operator, machinist, electrician, laborer, clerk, etc.

LILCO management has prepared strike contingency plans to ensure that back-up personnel assignments are made for all essential functions in the event of a strike. The Shoreham reactor fuel is under 24-hour surveillance by contract security personnel that are not members of the IBEW. Shoreham has never loaded fuel. These contract security personnel are expected to cross picket lines in the event of a strike; however, LILCO personnel will provide continuous surveillance of the fuel storage area if the need should arise.

Region I will continue to follow the licensee's and union's actions.
