Docket No. 50-266  
Docket No. 50-301

Wisconsin Electric Power Company  
ATTN: Mr. Sol Burstein  
Vice Chairman of the Board  
231 West Michigan  
Milwaukee, WI 53201

Gentlemen:

We have completed our review of the June 8, 1984 revisions to the Point Beach Nuclear Plant Emergency Plan. Our review indicated that your emergency plan continues to meet the planning standards of 10 CFR Part 50.47 (b) and the requirements of Appendix E to 10 CFR Part 50.

Please be reminded that 10 CFR Part 50.54(q) requires NRC approval of any changes to your plan which may decrease the effectiveness of the plan. However, if your safety review indicates no decrease in emergency preparedness, then changes can be made without NRC approval. In all cases, you should furnish copies of each proposed change to the NRC in accordance with 10 CFR Part 50.54(q). Also, any changes to the Emergency Plan Implementing Procedures should be made in accordance with the requirements of 10 CFR Part 50, Appendix E, Section V (Implementing Procedures).

Should you have any questions regarding this letter, please contact Mr. William Snell of my staff at (312) 790-5513.

Sincerely,

*C. J. Paperiello*
