Gentlemen:

Thank you for your letter dated June 19, 1984, informing us of the steps you have taken to correct the noncompliance which we brought to your attention in Inspection Report No. 50-456/84-06 and No. 50-457/84-06 forwarded by our letter dated April 27, 1984. We will examine these matters during a subsequent inspection.

It is our understanding that a supplementary response will be provided when a determination has been made whether the necessary design analysis/calculations were performed as required, when each design change was effected.

Your cooperation with us is appreciated.

Sincerely,
