Gentlemen:

We have received your letter of June 7, 1984, describing the scope and objectives of the Emergency Preparedness Exercise scheduled for August 21, 1984 as a utility only participation exercise. Based on a conversation between Mr. P. Loomis of your staff and Mr. J. Patterson of this office on July 3, 1984, we understand that a site assembly/accountability drill, simulated evacuation of non-essential personnel, and access control will be demonstrated as part of your exercise objectives. By including the above mentioned objectives we find the objectives acceptable. Thank you for your timely submittal of your exercise scope and objectives.

Your cooperation with us is appreciated.

Sincerely,
