SUBJECT: Catawba Nuclear Station
Docket Nos. 50-413 and 50-414
Security Plan, Revision 5 Additional Pages

Dear Mr. Denton:

Pursuant to 10 CFR 50.54(p), please find attached five (5) copies of Revision 5 Additional Pages (AP) to the Catawba Nuclear Station Security Plan. Revision 5 AP was developed to include recent changes to Duke Power Company's Corporate and Station organizational structure, identified exceptions to the 20-foot interior isolation zone, compensatory measures for degraded metal and/or explosive search equipment, indication of alarm annunciation in the Secondary Alarm Station, changes to listing of vital equipment and several editorial changes. Revision 5 AP does not decrease the effectiveness of the Catawba Nuclear Station Security Plan.

Since this material is applicable to security provisions at Catawba, it is requested that this information be withheld from public disclosure pursuant to 10 CFR 73.21.

Very truly yours,

Hal B. Tucker
