Transfer of Very Low-Level Waste to Exempt Persons for Disposal

Document: NRC-2020-0065-DRAFT-0023

Comment on FR Doc # 2020-04506

Submitter Information

Name: Erin Rohlman

General Comment

No, I cannot support a rule change to allow radioactive waste in landfills or other hazardous materials sites. Nuclear waste must be stored in containment facilities designed specifically to hold the deadly radioactive particles for 50,000 years or more. Otherwise, you shouldn't be producing the waste in the first place. Do not change the rules protecting life on earth against your waste.
