Gentlemen:

SUBJECT: HATCH OPERATIONAL QUALITY ASSURANCE PROGRAM

Your letter to this office dated June 30, 1983, provided a current description of the operational quality assurance program for the Hatch station (Docket Nos. 50-321 and 50-366). Additional clarification was provided in your letters dated March 16, 1984, and April 30, 1984, in response to questions transmitted by my letter dated October 4, 1983. Our review of this information indicates that the Hatch operational quality assurance program continues to satisfy 10 CFR 50 Appendix B requirements and is therefore acceptable.

Please contact us if you have any questions concerning this letter. We appreciate your submittal and prompt response to our questions regarding the information required by 10 CFR 50.54(a).

Sincerely,
