Dear Sir:

The NRC was notified of a potentially reportable deficiency in Reference (A), and Interim Reports were transmitted by Reference (B) and (C). At that time, it was estimated that a Final Report would be available by September 20, 1984.

Due to the extensive investigation and evaluation required, it is now expected that this information will be finalized by October 18, 1984, at which time a complete report will be submitted.

There is no new information or change to the Interim Report at this time.

Very truly yours,
