Good Morning,

I am finalizing your license amendment #56 adding Jialu Yu, Ph.D. as an AMP. Our licensing database lists Richard O. Davis, Ph.D. as the management representative of record. Can you please confirm that he is still there and if so, please provide a business email address for him. We are no longer sending paper copies of licenses and cover letters. All communication is electronic. If for any reason the management contact should be changed, please inform me of the new person and provide their business email, phone and fax numbers for them to be added to our database.

Many thanks,

*Robin L. Elliott*
